ATHENS, Ga. (AP) — Students and faculty members at the University of Georgia today anxiously awaited a second test of integration in an atmosphere of mingled apprehension and reassurance.

The grim memory of recent rioting was offset to a degree by a promise from Gov. Ernest Vandiver that he would provide any forces necessary to prevent a new outbreak of violence.

At the same time the governor warned that law enforcement officials of great experience had informed him that "tinder-box conditions exist."

In turn university officials said they would act swiftly to prevent any demonstrations when Charlayne A. Hunter, 18, and Hamilton E. Holmes, 19, return to the campus of this oldest chartered state university in the country.

The two Atlanta Negro students were ordered readmitted by a federal judge in Macon who sternly warned that no action must be taken to expel them.

Judge W. A. Boatright restrained all state officials having any connection with the school or university officials themselves from again suspending or dismissing them.

Boatright ruled Friday that the university's "order of withdrawal or suspension is hereby terminated by 8 a. m., Jan. 16." The two students were suspended early Thursday morning in the wake of a campus riot finally broken up by authorities using tear gas and fire hoses.

Miss Hunter and Holmes were taken to their Atlanta homes, where they remained in seclusion. Both said they were eager to return to the university to resume studies started without major incident during the daylight hours Wednesday.

The first Negro coed ever admitted to the state-supported university said she understood classes were being held today but she hadn't heard whether she and Holmes would attempt to re-enter before Monday.

"I was very pleased with the judge's decision," she said. "I'm all set to go back to the university. All I have to do is pack an overnight bag."

## Dag Back at UN to Answer Red Charge

By WILLIAM N. OATIS

UNITED NATIONS, N.Y. (AP) — U.N. Secretary-General Dag Hammarskjöld flew back from Africa today to answer Soviet charges that he helped Belgium organize an attack on pro-Lumumba forces in the Congo from the neighboring U.N. trust territory of Ruanda-Urundi.

After visits to the Congo and South Africa, Hammarskjöld abandoned plans to go on to India and hurried back for the continuation of council debate on the Congo.

The council began debate Thursday on a Soviet complaint that Belgium helped troops of Col. Joseph Mobutu, the Congo army chief, mount an attack from Ruanda-Urundi Jan. 1 against troops holding the Congo's Kivu Province for Mobutu's prisoner, deposed Premier Patrice Lumumba. The Lumumbist rebels repelled the attack.

Diplomatic sources said they expected Ceylon, Liberia and the United Arab Republic to submit a resolution critical of the Belgian action.

They said the resolution would be drawn to attract the largest possible vote and would be milder than the demands Soviet Deputy Foreign Minister Valerian A. Zorin made to the council Thursday.

Zorin said the council should condemn Belgium as an aggressor, ask it to withdraw all Belgian military and civilian personnel from the Congo and request the General Assembly to give urgent consideration to (1) depriving Belgium of its trusteeship over Ruanda-Urundi and (2) granting the territory immediate independence.

A Soviet government statement circulated to U.N. members said Belgium and "gangster Mobutu" organized aggression against the Congo from Ruanda-Urundi "with Dag Hammarskjöld's assistance."

## Two Sides to Economic Picture

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP) — President Eisenhower paints a cheery picture of America. But study groups President-elect John F. Kennedy created to advise him see a lot more needed than Eisenhower accomplished.

The outgoing president, in his last State of the Union message to Congress Thursday, could have offered programs. But incoming Kennedy will do that.

The following is the contrast between the views of Eisenhower. But he didn't mention recession. Many economists say the country is in one. The Kennedy group suggested the new president act quickly with a batch of emergency measures to get recovery fast.

Kennedy has put top-priority on still another study group's ideas for helping both unemployment and depressed areas.

**HOUSING** — Eisenhower seemed to feel pretty good about this field. He said "more houses have been built during the past eight years—over nine million—than during any previous eight years in history."

But Kennedy's study group suggested broad programs to meet housing needs of low income families of the elderly of farmers.

## Welfare Finances Are Discussed

LITTLE ROCK (AP) — Gov. Orval E. Faubus said today that a proposal to allow welfare recipients to earn up to \$50 a month has been presented to a national conference on the Aging in Washington, D. C.

Faubus told a news conference that Welfare Commissioner Carl Adams made the proposal to the national group. Faubus has in the past complained that a welfare recipient who tries to help himself is penalized by having any amount he earns deducted from his welfare check.

His proposal would permit such persons to earn up to \$50 a month in addition to welfare payments. Faubus said he thinks any such policy change would have to be made by Congress.

## Department Store Sales Decline

ST. LOUIS (AP) — The Federal Reserve Bank of St. Louis reports that department store sales in the Eighth Federal Reserve District the week ended Jan. 7 declined nine per cent from those of the similar week last year.

Only two areas showed gains, Memphis, five per cent, and Little Rock, eight.

The biggest drop, 14 per cent, was registered in the Louisville area. St. Louis sales were down 12 per cent and sales in seven smaller district cities fell 13 per cent.

District sales for the first four weeks ending Jan. 7, however, were five per cent above those of 1960.

## Warren Fire Damage \$175,000

WARREN, Ark. (AP) — A fire described by Fire Chief Everett Beasley as the worst in years destroyed the Hargis Brothers auto firm here Thursday, causing damage estimated at \$175,000.

An employee, J. C. Vinson, said he was cleaning a pan with some gasoline about 15 feet from an open fire when the pan ignited, starting the fire. Vinson was not hurt.

Destroyed in the fire were three new pickup trucks, a 2-ton truck, several used cars and several cars which were being repaired.

## Speed Record for New Bomber

LOS ANGELES (AP) — The Air Force today claimed six world speed records for its B58 Hustler jet bomber. It flew over 1,200 miles per hour with a payload of 4,400 pounds over a 621-mile closed course Thursday, the Air Force said.

The previous record for the distance and payload was claimed by the Soviet Union in October 1959. They said a plane which they did not identify flew 639 miles an hour.

The \$10-million B58 made two circuits of the course at Edwards Air Force Base, Calif. The average speed for the total 1,242 miles was 1,061 miles an hour.

The Air Force said an attempt to better at least some of the six records it claimed would be made soon, probably Saturday.

## Idle Workers Up by Half a Million

WASHINGTON (AP) — Unemployment rose by half a million in December to 4,500,000 — highest December total since 1940.

Employment declined by 1,173,000 to 66,009,000.

Announcing these figures today, the Labor Department also reported that the rate of unemployment to the total work force rose from 6.3 per cent in November to 6.8 per cent. This is the highest December rate since 1940. The percentages are seasonally adjusted.

Seymour Wolfstein, Labor Department manpower expert, said that the idle total is going up further this winter.

Wolfstein said that if the seasonally adjusted 6.8 per cent idle rate remains unchanged the unemployed total will increase by one million to 5½ million during January.

On this same basis of assuming only seasonal factors, without continued worsening of factory employment, Wolfstein said that the prospective idle totals will be 5.6 million in February, 5.4 million in March and 4.9 million in April. The spring season generally brings improvement because the warmer weather permits construction and other outdoor work.

An indication how unemployment has mounted since the mid-December date, when the 4.5 million unemployment was recorded, can be seen in unemployment compensation claims.

These increased by 600,000 from Dec. 10 to Dec. 31, and reached a record December total of approximately three million.

December usually brings some decline in employment and increase is about triple the increase that would be regarded as normal for the month. The drop in employment also was extra-seasonal.

For the first time in a year, the employment total was smaller than the corresponding total a year ago.

The number of persons idle for 15 weeks or longer—the long-term unemployed—remained at approximately one million for the third straight month. Nearly half of these workers have been unable to find work for 27 weeks or longer—a half year.

The unemployment rate for married men reached 5.1 per cent in December compared with 3.6 per cent a year earlier, a significant change because of family responsibilities.

## Red River Study Begins in April

SIREVEPORT, La. (AP) — A three-year navigation study on 740 miles of the Red River will start in mid-April.

L. R. Matthias, executive vice president of the Red River Valley Association, said Thursday the Corps of Engineers will open the study officially when public hearings are held on the project. The estimated completion date is Dec. 31, 1963.

The survey will extend from the mouth of the Red River to Denison Dam in Texas.

Congress set \$50,000 for fiscal 1961 to start the survey which has an estimated total cost of between \$400,000 and \$500,000.

## Macedonia Church Host to Meet

The Southwest District Congress Chorus will appear at the Macedonia Baptist Church, Columbus, Jan. 22 at 7:30 p. m. The public is invited. Rev. H. W. Watson, pastor, Rev. F. R. Williams, president, and Mrs. Fronnie Trotter, reporter.

## Nominations Appear to Have Clear Sailing

WASHINGTON (AP) — President-elect John F. Kennedy's Cabinet choices appear to have clear sailing ahead toward Senate confirmation. But some of his second-line appointees are in troubled waters.

The Senate, which has heard seven prospective Cabinet members explain their views, will hear from three more next week. They are J. Edward Day, picked for postmaster general, to appear Monday; Robert S. McNamara, secretary of defense, Tuesday; and Luther H. Hodges, secretary of defense, Wednesday.

McNamara is expected to be questioned closely about defense policies, with particular attention to a Pentagon reorganization report made to Kennedy by Sen. Stuart Symington, D-Mo.

Republicans will want to know what Day's views are on the postal rate increases President Eisenhower recommended but Congress refused to approve. Hodges will face inquiries on his proposed policies in the business field.

All three are expected to get the same kind of advance approval indicated for seven of their colleagues who already have testified in public hearings.

There may be some fireworks, however, when the Senate gets down to consideration of second rank appointees.

Chester Bowles, named for undersecretary of state, can expect stiff questioning from Republicans on Red China policies when he appears before the Senate Foreign Relations Committee next Thursday. Senators also will have some inquiries about pledges Bowles helped to write into the Democratic platform.

Bowles' nomination seems in no real danger. But that may not be true of the choice of Robert C. Weaver, chairman of the board of directors of the National Association for the Advancement of Colored People, to be housing administrator.

Construction trade leaders already are contending that if Weaver puts nondiscrimination tags on federal housing programs, their business may fall off drastically. Weaver, who has said he'll resign from the NAACP post has strong defenders among liberals of both parties.

In a day of intensive activity Friday, Senate committees indicated approval for six potential Cabinet nominees.

They included Robert F. Kennedy, attorney general; Douglas Dillon, secretary of the treasury; Arthur J. Goldberg, secretary of labor; Abraham Ribicoff, secretary of health, education and welfare; Orville L. Freeman, secretary of agriculture; and Stewart L. Udall, secretary of interior.

Previously, Dean Rusk had been given tacit approval by the Foreign Relations Committee as secretary of state.

## Bombs Add to Tension in Haiti

PORT AU PRINCE, Haiti (AP) — Unconfirmed reports for more arrests of Catholic priests and a series of noise bombs added to tension in Port au Prince today as striking students prepared for possible clashes when schools reopen Monday.

President Francois Duvalier's regime which expelled Roman Catholic Bishop Remy Augustin this week and earlier deported Archbishop Francois Poirier for allegedly aiding the strike, was denounced as a police state in student leaflets calling for democratic elections.

Censorship under martial law prevented Haitian newspapers and radio from telling the predominantly Catholic population in this Negro republic of the Vatican's excommunication of those responsible for the expulsions. Haitians learned of it from the radio of the neighboring Dominican Republic.

The papal nuncio called a meeting of five bishops from the provinces where unconfirmed reports said more priests have been arrested.

University students have been on strike since November in protest against the arrest of 20 students accused of distributing Communist propaganda. Duvalier freed those arrested last month.

The strikers now are demanding repeal of a decree making parents responsible for classroom absenteeism and requiring students to get police clearance that they are not communists.

## 'Girls and Boys on the Phone' List the Five Stories They Considered to Be the Best

By MARY ANITA LASETER

This year we are going to try something a little different once a month in this space. Instead of a "Man on the Street" interview how about a "Girl on the Phone" type report? O.K. The question for January is "What are the five best books you have ever read?" and we asked six boys and six girls at Hope High School to give their answers.

Louise Lively, a 12th grader and daughter of Mr. and Mrs. J. L. Lively, listed "Exodus," "Les Miserables," "Desiree," "Rebecca," and "Behind the Iron Curtain." An 11th grade student, Tena Fikinton liked "Celia Garth," "Gone With the Wind," "The Bible," "Tom Sawyer," and "The Odyssey." She is the daughter of Judge and Mrs. Jame Pilkinton.

Another senior, Pam Aslin, the daughter of Mr. and Mrs. Ed Aslin, chose "Gone With the Wind," "Exodus," "Rebecca," "Jane Eyre," and "Dragonwyck" as her five favorites.

Mac McLarty, a freshman and son of Mr. and Mrs. Frank McLarty, picked "The Bible," "Tom Sawyer," "Huckleberry Finn," "A Pass and a Prayer" and "Sons of Mercury."

"Gone With the Wind," "Rebecca," "Kriegle," "The Diary of Anne Frank" and "The Scarlet Letter" were the favorites of Dorothy Smith, a 12th grader, who is the daughter of Mr. and Mrs. Royce Smith.

Freshman Phala Brown, daughter of Judge and Mrs. Lyle Brown picked "The Bible," "Deep Summer," "The Raft," "Polyanna," and "Kriegle."

Mr. Lyle's choice of favorites Jimmy Lloyd, the son of Mr. and Mrs. Steve Lloyd, selected "The Bible," "Pilgrim's Progress," "Treasure Island," "A Tale of Two Cities," and "The Last of the Mohicans." He is a senior.

Bill Bright, senior, son of Mr. and Mrs. E. O. Bright, who named "Ivanhoe," "Westward Ho," "The Robe," "Black Arrow," and "The Foxes of Harrow."

A 12th grader, Cynthia Forster, daughter of Mrs. Marguerite Forster, listed "Rebecca," "Gone With the Wind," "Jane Eyre," "The King's General" and "Celia Garth" as favorites.

Vince Foster, son of Mr. and Mrs. Vincent Foster and a 10th grader, listed as his choice "The Bible," "A Tale of Two Cities," "Huckleberry Finn," "All Quiet on the Western Front," and "Madam Curie."

Joe Matt Herndon, a senior and son of Mr. and Mrs. Rufus Herndon Jr., named "Gone With the Wind," "Kriegle," "Call of the Wild," "Moby Dick," and "Jubilee Trail" as his five favorites.

A ninth grader, Bill Land, son of the Rev. and Mrs. W. C. Land, picked these five books: "The Bible," "Pride and Prejudice," "The Strange Case of Dr. Jekyll and Mr. Hyde," "Swiss Family Robinson" and "Oliver Twist."

"As you will have noticed, some books were chosen again and again. This, no doubt, was due to their being the kind that many would enjoy. Are any listed that you haven't read?"

## Grave Robber in State Hospital

LITTLE ROCK (AP) — A 22-year-old airman who police say admitted robbing the graves of two young women at Jacksonville today begins a court-ordered 30-day psychiatric examination at the State Hospital.

Airman C.C. Jerry Reynolds was charged Wednesday on two felony counts of defacing a grave and will face trial in Pulaski Circuit Court if the hospital rules him sane.

Police said he would be returned to Pulaski County Jail from the State Hospital at night for safekeeping.

Reynolds, from Creighton, Mo., was stationed at Little Rock Air Force Base. Police said he admitted opening two graves and stealing the body of a 17-year-old girl which was found in a bayou near the air base.

Officers said he admitted attempting to take a body of a 28-year-old woman from another cemetery in Jacksonville.

Reynolds told arresting officers he "realized I was sick."

## Submarine Stuck on a Sand Bar

ROTHESAY BAY, Scotland (AP) — Two royal navy ships tried in vain today to pull the 1,600-ton British submarine Oberon off a sandbar. Fresh attempts will be made with the night tide. The Oberon, with 72 aboard, went aground Thursday night.

## Kansas Governor to Get a Post

KANSAS CITY (AP) — The Kansas City Star said today it was learned from authoritative sources that former Gov. George Docking of Kansas will be named by President-elect John F. Kennedy to the Board of directors of the Export-Import Bank.

The federal agency aids American businesses in financing the development of foreign trade.

In a dispatch from Palm Beach, Fla., by John R. Cauley of its Washington bureau, the Star said Docking will receive \$20,000 a year as a director.

Reached at Kansas City, Kan., Docking said he would have no comment.

## U. S. Now a Torturer Says Cuba

HAVANA (AP) — The semi-official paper Revolution accused the United States today of torturing a Cuban worker at Guantanamo Bay Naval Base in an attempt to force him to admit he was a spy for Cuban military intelligence.

The newspaper said under a banner headline that Manuel Prieto Gomez, 32, was mistreated because "he sympathized with our revolution." The paper also published a five-column photograph of a man in a hospital bed and said it was Prieto, in serious condition after "hours of torture."

The government-controlled El Mundo published a similar report. Both papers said "Yankee agents" fed Prieto pills to make him talk.

Gaston Jaccard, a Swiss diplomat, arrived in Havana to take over a special American section of the Swiss Embassy to represent U.S. interests in Cuba. Jaccard and a staff of six Swiss diplomats will operate from the U.S. Embassy building in Havana.

Jaccard, speaking in Spanish, told newsmen that the question of issuing U.S. visas to Cubans would have to be considered "case by case." Nearly 50,000 applications were on file when U.S.-Cuban relations were severed earlier this month.

## New Attorney General Is Appointed

WASHINGTON (AP) — Senate Republican Leader Everett M. Dirksen said today the selection of Robert F. Kennedy to be attorney general marks a departure from the idea of putting a seasoned lawyer in the office.

"I think the country has always felt that the attorney general should be a legal scholar and learned in the law," the Illinois senator said at a Judiciary Committee hearing on the appointment.

Democratic members of the committee quickly sprang to the defense of Kennedy, 35-year-old brother and campaign manager of President-elect John F. Kennedy.

Sens. Sam J. Ervin Jr., D-NC, and John A. Carroll, D-Colo., said they had been struck by a strong parallel between the experience of Kennedy and William F. Rogers, attorney general in the outgoing Eisenhower administration.

Both Robert Kennedy and Rogers are former counsels of the Senate Investigations subcommittee.

The hearing on Kennedy's selection to be a member of the new Cabinet got off to a crisp, tense start in a jam-packed hearing room.

Unlike other Cabinet selections who have been called for questioning in advance of the formal submission of their nominations, Kennedy was sworn as a witness.

Dirksen got permission to lead off the questioning and began by reading newspaper editorials and other press comments critical of Robert Kennedy's selection to head the Justice Department.

The prospect was for some Republican needling—but no serious challenge—to Kennedy as the man to head the government's far-flung law enforcement activities.

None of the committee's Republicans said they intended to oppose Robert Kennedy's appointment or try to obstruct Senate confirmation.

Senate Republican Leader Everett M. Dirksen of Illinois, a committee member, said Republicans plan extensive questioning to compile a record to which they

## U. S. Puzzled Over Soviet Mystery Rocket

WASHINGTON (AP) — U. S. scientists puzzled today over a mystery rocket fired from the Soviet Union in the direction of the Pacific Ocean.

The Air Force said early today it still had not determined whether it was a long range missile or a space vehicle.

An Air Force radar station at Shemya Island, Alaska, detected the object passing in a southeasterly direction.

Three Soviet missile instrument ships were spotted earlier this week moving toward an impact area about 1,000 miles southwest of Hawaii, where the Russians have tested long-range missiles before.

The presence of ships was considered an indication that the Soviet Union might be preparing for another missile test or possibly a space launching.

But latest reports from the Navy indicated the three ships were still a day's sailing away from the impact area. Also, in previous shots the Soviet Union had given international warnings so that ships might stay clear of the impact area.

There has been no such warning this time.

There was speculation among scientists that the Russians might be attempting some sort of space shot and felt it was not necessary to give any warning to ships.

When sighted earlier this week the three Soviet instrument ships were moving southeast from the Kamchatka Peninsula to the previously used impact area.

They were a little over halfway along the route toward the impact area when observed Tuesday. The ships — the Sibir, Chukotka and Sakhalin — were deployed in a wide triangle at the time of the sighting. They were about 400 miles west of Midway Island and about 1,200 miles from Hawaii.

The 44,000-square-mile impact area in the Pacific has been used for missile firings from points in the southern part of the Soviet Union over a range of about 8,000 miles.

## Atom Bomb Pilot Back in Hospital

WACO, Tex. (AP) — Claude H. Eatherly, a pilot who took part in the only use of the atomic bomb as a war weapon, is back in a hospital by court order for mental treatments.

Acting on a request by his brother, a County Court jury adjudged the decorated World War II flier insane Thursday. Its verdict capped a series of incidents landing him in jail the past eight years.

Eatherly, now 41, flew a reconnaissance plane just ahead of the 1945 A-bomb strikes at Hiroshima and Nagasaki in Japan. Psychiatrists say that as a result of the raids, the tall and affable Texan developed a nagging guilt complex, although he did not actually drop the bombs.

He once told Dr. O. P. Constantine at the Veterans Administration hospital here he held himself to blame for killing 100,000 people in Hiroshima.

Eatherly, from Van Alstyne, Tex., left the Air Force in 1947 as a major with an honorable discharge. The year before he was a pilot observer of Bikini A-bomb tests in the Pacific.

The insanity verdict forces Eatherly, a voluntary patient in recent months, to remain at the VA Hospital here in central Texas.

James Eatherly, a brother whose home also is at Van Alstyne, had asked the court last September to commit the wartime hero for "the protection of himself as well as others."

The ex-flier has entered the Waco hospital nine times—all of his own volition—since 1950, when he attempted suicide.

Eatherly received the Distinguished Flying Cross for his weather scouting flights ahead of

## Inaugural Gowns Are Revealed

NEW YORK (AP)—Designer Oleg Cassini has declassified three top-secret sketches of the new First Lady's fashions for inaugural and spring activities.

The suave, mustached couturier Thursday gave the press descriptions and sketches of a gown and a daytime ensemble of a dress and coat he designed for Mrs. John F. Kennedy. He also included two sketches of proposed trends. Still under wraps are details of the gown she will wear to the Jan. 19 gala.

"My desire is to protect Mrs. Kennedy in her great moment," Cassini told more than 200 fashion writers from the nation's newspapers jamming his news conference. "It's not every day you become First Lady."

In his sketches Cassini, Paris-born, Italy-reared Russian defender of the American look—feminine, form-fitting clothes—seemed to have tempered his figure-hugging fashion convictions to Mrs. Kennedy's apparent liking for more relaxed lines.

The gown, for example, he described as a mere covering of pristine white satin—one fluid line from shoulder to floor, unbroken except for the beguiling bow at the waistline. A completely natural look with the dignity and fineness that can only be achieved by simplicity of design.

The dress sketch showed a one-piece soft wool in fawn, a subdued beige. It's gently shaped to the figure with a natural shoulder and simple rounded neckline. Matching silk sash at the waistline and cuffs is the only accent.

The dress is to be worn with a soft-finish two-button wool coat in matching fawn color, with a semi-fitted shape, simple rounded neckline and an applied band from neck to hem. It has a detachable collar of Russian sable. The coat is lined with the same fawn silk sash accenting the dress.

Cassini, 47, obviously enjoying himself hugely, staged the news conference during the time he was allotted for displaying his spring wardrobe.

The door prize was won by Mrs. Hare. Pie, date bar, and coffee were served to 11 members and three guests, Dennis Allen, Jeffrey Renfro and Mike Huckabee. The February meeting will be in the home of Mrs. Renfro with Mrs. C. J. Barnes as co-hostess.

## Favors Enlarging L. R. Stadium

LITTLE ROCK (AP)—Gov. Orval E. Faubus said today he will support the War Memorial Stadium Commission in an effort to increase the 40,000 seat capacity of its stadium here.

The University of Arkansas plays three football games a year in the stadium and in recent years a number of games have been sellouts.

Faubus told newsmen he had no idea how many seats would or could be added.

Faubus also said he would help the commission get itself out of debt in preparation for the expansion. This would involve some sort of exchange of bonds the commission currently has outstanding.

## Kennedy Comedy Skit Scrapped

NEW YORK (AP)—A scheduled comedy skit on President-elect John F. Kennedy and his wife, Jacqueline, has been scrapped by the National Broadcasting Co.

An eight-minute sketch had been written for comedian Art Carney's NBC-TV show next Tuesday, three days before Kennedy's inauguration as the nation's 35th president.

Carney was to have played the role of Kennedy and actress Lee Remick the part of Mrs. Kennedy. The setting was to have been the White House after Kennedy's inauguration.

An NBC spokesman said Thursday "We thought it would have been improper to have performers actually portraying the president and his wife. Our decision was based on a matter of good taste."

can point if Kennedy later slubs his toe.

The hearing on Kennedy, probably the most controversial of any of the new Cabinet appointments, was called in advance of official submission of his nomination.

Other Senate hearings were called today on Orville L. Freeman to be secretary of agriculture, Arthur J. Goldberg to be secretary of labor, Abraham A. Ribicoff to be secretary of welfare and Stewart L. Udall to be secretary of the interior.

In addition, the Senate Finance Committee asked Douglas Dillon, Secretary of the treasury designate, to return for further questioning.

The Foreign Relations Committee completed a hearing Thursday on Dean Rusk to be secretary of state, and the Commerce Committee announced it will have a hearing next Wednesday on Luther H. Hodges, named to be secretary of commerce.

WASHINGTON (AP)—The Senate Judiciary Committee today approved without objection the selection of Robert F. Kennedy to be attorney general in the Cabinet of his brother, President-elect John F. Kennedy.

The committee acted immediately after a two-hour hearing at which some of the Republican members made a point of the 35-year-old Kennedy's lack of experience in the private practice of law.

of college students, plus broad spending for city planning.

Last December The Associated Press reported: "Housing disappointed in 1960. Demand fell, costs rose, money grew scarce, and fewer homes went up."

EDUCATION — Eisenhower recounted, with apparent pride, what his administration has done in this field. But the Kennedy study group on education thought far more is needed. It proposed a vast program of federal aid to schools, amounting to nearly \$2.5 billion yearly.

"Millions of children, particularly in certain rural areas and in the great cities are deprived of an opportunity to develop talents that are needed both for society and for their own lives," it said. This group called its proposals the minimum for accomplishing the needed "significant uplift" in American education.

SOCIAL SECURITY AND THE AGED — Eisenhower pointed to progress made in Social Security—the broadening of its coverage and new benefits added—and said this about the aged: "New legislation provides for better medical care for the needy aged. The administration recommended a major expansion of this effort."

But the administration's recommendations, while they would provide some help for some, were opposed to linking Social Security to medical care for the aged. This is what Kennedy wants to do.

His study group, not at all satisfied with the Social Security program as it now exists, proposed a broad expansion of Social Security, public assistance, unemployment pay, medical education.

Here are some controversial letters which I feel rate publication in this column. Do you agree or disagree with the issues raised?

Take this one from Mrs. Morgan, the mother of five children, who hauls me over the coals for advising Mrs. E. F. to be realistic about an ungrateful 15 year old foster daughter. The distraught foster mother said the girl lies, balks at doing home chores and carries a chip on her shoulder—no matter how her foster parents try to please her.

Mrs. Morgan says, "I would first ask Mrs. E. F. if she loves this child and tries to understand her problems. When children are defiant it is as if they were saying, 'Prove you love me!'"

"Why is this foster daughter of Mrs. E. F.'s always mad? Perhaps the foster mother is constantly finding fault. I ask this question not as the mother of five beautiful children but as a former juvenile delinquent."

Mary Colborne of Calgary, Canada, doesn't like the advice I gave L. and C., two young girls bent on going with boys who had police records. I warned them they'd be known by the company kept, and because they asked that their letter not be printed, replied in a memo. Here's Mary's letter:

Dear Helen:  
I read all your columns and on joy your advice but couldn't go along with you on your memo to L. and C. If the facts are as I understand them, I disagree violently.

If, everytime we made a mistake we lost our friends, neither you nor I nor anyone else would have a friend in the world. Friends are those who stick by us regardless of what we do. I don't mean that L. and C. should come down what these boys did but if they let the kids know they are with them once they start the long trek back, they'll be giving them

all armed with six-shooters, rifles, and knives, and announced grimly that they were ready for action.

Harding roused the cook, and he built a fire in the range and put on a big pot of coffee. The cook was an old, grizzled man with hands that must have given him pain, for the joints were swollen and caused difficulty in his movements. "You're takin' me, Colonel?" he asked with a drawl.

"I'm certainly not taking you," said Harding. "You were too old to fight the War of 1812."

The cook turned from the coffee grinder and dumped a trayful of coffee into the pot. "Fever's gittin' into my blood, Colonel. I was raised on tobacco juice and powder smoke."

"So were we all," the Slash K men, commanded by a tall, clean-shaven young fellow who talked with a West Texas twang, settled down to smoking and low-voiced talk, filling the big Harding kitchen comfortably without getting in Smitty's way.

Harding came back from the barn. "I want every man to be sure about one thing," said Harding. "Absolutely no shells under the triggers. We want no accidental shot going off to start a slaughter."

Johnson glared at Bart and said, "This is private business, Colonel."

Harding, unperturbed, said, "This is no time for private business. Anyway, Wagner knows all about this. Spill it out."

Bart could see Johnson's face in the yellow light from the kitchen window. He looked at Bart and frowned, then addressed Harding. "Stella just left the ranch, Colonel."

Harding was instantly alert. "I told Beans to keep an eye on her."

"He went to sleep Colonel." "How do you know she's gone for sure?"

"The chestnut isn't in its stall." (To Be Continued)

Washington (AP) — About 250 disabled veterans, military hospital patients and Medal of Honor winners are getting free \$100 tickets to the preinaugural show being staged by Frank Sinatra and Peter Lawford.

A spokesman said today patients will be selected from Bethesda Naval Hospital, Walter Reed Army Hospital and hospitals at nearby Andrews Air Force Base and Ft. Belvoir.

They began to arrive at three o'clock in the morning, when 15 men from the Slash K rode up,

Stella was a strange one. She had contempt for a great many things, even for her father and the money he had made, which would all be hers. She was a restless woman. Whatever the status quo happened to be at any given moment, that was what she did not like and could not endure.

It was the wrong attitude for the Panhandle, where you played whatever hand was dealt you, and tried to make it stick.

If you couldn't play it, you moved on.

## Norrell Accuses His Colleagues

PINE BLUFF, Ark. (AP)—Rep. W. F. Norrell of Monticello today charged that four of his congressional colleagues were seeking to eliminate his chances of returning to Washington in 1962.

Norrell said that 5th District Rep. Dale Alford of Little Rock is also a target of the effort.

Slate Sen. Norrell Gathright of Pine Bluff claimed Thursday that a congressional redistricting plan which is generally credited to state Rep. Raymond Mays of Rison "originated in Washington."

Gathright said Harris presented a similar plan to a Pine Bluff group a month ago and "told us that he (Harris) had prepared it in Washington."

Norrell said he thought this was correct.

Norrell's comments were made in a telephone interview from Washington with the Pine Bluff Commercial.

## Woman Dies From Natural Causes

MONTREAL (AP)—An autopsy has shown that Marjorie Vosburgh, 43, died before the fire which destroyed the family shanty at Noyan, Que., Dec. 29.

Eleven Vosburgh children also were found dead in the ruins.

Provincial Police Director Josephat Brunet said examination of Mrs. Vosburgh's remains showed, no spoke had been breathed into her lungs. He said experts at the laboratory here are trying to reconstitute the woman's skull, found shattered after the blaze in the tiny shack.

Steps were being taken to cancel \$200 bail set for the release of Abel Vosburgh, 63, head of the family and the only survivor of the tragedy. Vosburgh is being held on a coroner's warrant. He was picked up last Saturday.

Washington (AP)—President Eisenhower has praised his outgoing secretary of state, Christian A. Herter, as never losing sight of "our main goals."

In a letter accepting Herter's resignation, effective Jan. 20, Eisenhower Thursday said: "Notwithstanding the periods of crisis and peril the years have brought—and will continue to bring—we have demonstrated our will for peace, while safeguarding and furthering justice and freedom."

San Francisco (AP)—San Francisco's sidewalk flower vendors are holding their noses today. They've just got a whiff of a threatened increase in taxes.

Supervisor John J. Perdon proposed a study that would lead to taxing the sidewalk florists on the basis of gross sales. They now pay a quarterly license fee of \$24 plus \$12 for each employee.

Perdon said the street vendors "pay an unreasonably low amount for the privilege of operating on the sidewalks, compared to what flower stores have to pay."

The roadside rose runners reacted as though they had been stung with thorns.

"That Perdon," said Krekor Daigian, "the last time he was up for election he said: 'Don't worry. If you're in trouble, I'll help you out.'"

"Why does he want to bother us? It rains, it freezes and we stay open to keep things attractive. We're a beautiful billboard, that's what we are."

Samuel Alhades said, "Take away the cable cars, Chinatown and the flower stands and what've you got? Streets."

Manila (AP)—The Philippine constabulary has abandoned hope for 30 persons missing since an overloaded motorboat caught fire and sank off southern Luzon. Nine bodies and 12 survivors were recovered.

## Destroyers Hit Off Va. Coast

NORFOLK, Va. (AP)—Two destroyers collide early today while engaged in exercises off the North Carolina coast, Atlantic Fleet Headquarters reported. There were no personnel casualties, a spokesman said.

The destroyers, the Johnston and the Keppeler, were taking part in a large training exercise.

The Keppeler sustained superficial damage, the spokesman said, and was expected to continue in the exercise. The Johnston sustained damage to her bow and was ordered to proceed to Charleston, S.C., her home port.

### To Save Money

WASHINGTON (AP)—Robert S. McNamara, while serving as secretary of defense, plans to put the money received from sale of his Ford Motor Co. stock into a trust fund.  
McNamara, Ford president before he agreed to serve in President-elect John F. Kennedy's cabinet, received more than \$1.5 million for sale of 24,705 shares of

Senators said that under the proposed trust the money could be invested but McNamara would not know what it was invested in. He would have no control over the money until he steps out of government service.  
The Senate Armed Services Committee staff is examining the proposal.

FLOTATION CHAMBERS ADD TO BOAT SAFETY By WM. TAYLOR McKEOWN Editor, Popular Boating (Distributed by Newspaper Enterprise Assn.) SMALL boats are the ones most likely to tip over. Builders and owners have been taking a new look at ways to keep them afloat, should they capsize.

While wooden craft always possessed some natural buoyancy, new fiberglass and metal boats will sink once they fill with water unless some form of flotation is installed. Dinghies, skiffs and rowboats particularly can be swamped. Youngsters clowning around, fishermen who stand up and move about carelessly, boatmen who head out into rough seas or overload a small craft can end up in the water. Flotation chambers are becoming standard equipment on pleasure boats large and small. Even wooden craft are using them to counterbalance the added weight of outboard motor and gear should the boat fill. Double floors with an air space between are frequently found in plastic craft. Metal boats often seal off bow and stern sections to form air compartments. These, too, might puncture or start to leak. Builders have been installing Styrofoam or similar air-cell plastics so that water cannot fill a flotation chamber. The material is often fastened under the seats of a craft to help keep it afloat. Next year will see increased use of polyurethane foams. These remarkable products go into action when several chemicals are mixed. They quickly expand and foam up to fill sections of the boat, and then harden in place to fit the area. A bow section up under the forward deck of a runabout might be foamed full of this plastic. Once it has solidified both new flotation and structural reinforcement are the result. Polyurethane is still best handled by professionals since the toxic fumes formed while it foams might get a do-it-yourself boatman in trouble. In the hands of experts, however, it has many advantages. One large builder, Brunswick Boats, is going to spray polyurethane into all its boats next year, with flotation, soundproofing and less unwanted hull flexing among the results. They plan production of 17,000 boats treated in this way for 1961 delivery. Another approach to adequate flotation is the use of microballoons. These tiny spheres, five thousandths of an inch in size, can be mixed in with polyester resin to harden into a solid offering strength and flotation. Poured into an enclosed space they form a rigid but light strength member as well. The wise boatman will look for a craft that can keep motor, passengers and gear afloat even when awash. If this should happen, the flotation should be placed so that the hull will float upright. An inverted boat can trap life preservers underneath and offer no hand holds for passengers in the water. The bottom of a boat that has turned turtle can be of small help even if it is afloat. A craft with good flotation to right can provide a fine life raft keep it on the surface and up until help arrives. The chances are that few boatmen will ever have to use that built-in flotation, but it is an important safety factor to have aboard.

## Vessels Collide in Columbia R.

ASTORIA, Ore. (AP)—A howling storm capped two Coast Guard vessels at the mouth of the Columbia River Thursday night. The Coast Guard said six men are missing. Three of them had been rescued once, and were being towed to seeming safety when mountainous waves snapped a tow line and they disappeared into the darkness. The reception was sponsored by the Illinois chapter of the American Association for the United Nations and the Chicago Council on Foreign Relations. Nearly 1,500 persons were on hand to give the former Illinois governor and twice-defeated Democratic presidential candidate an emotional farewell. At an informal news conference, Stevenson said he has no definite solution to the tense U.S.-Cuba situation but hopes Cuba will "see the light so that once more we can enjoy happy relations."

## Bishop Backs Stand Taken by Rector

SCARSDALE, N.Y. (AP)—Bishop Horace W. B. Donegan has given his backing to a Protestant Episcopal rector here who said he would not welcome to Holy Communion any of his parishioners who sanctioned a recent social snub to a convert from Judaism. The communion announcement was made Thursday by the Rev. George French Kempell Jr., of the St. James the Less in this fashionable New York City suburb. Father Kempell said his parishioners' sanction of the barring of the youth from a country club Christmas dance was "a sin against God."

Bishop Donegan, head of the Protestant Episcopal diocese of New York, said in New York City: "It is the duty of religious leaders to condemn religious, racial and social prejudices that en-hinder life and separate mankind. Discrimination, in whatever form it expresses itself, should be repugnant to all of us children of God and as citizens of a democratic society."

Father Kempell suggested his parishioners make either a general confession at morning or evening prayer or individual confession to him or to any Episcopal priest. Charles S. McAllister, a White Plains, N.Y., insurance agent and president of the Scarsdale Golf Club where the dance was held, said he would have no comment on Father Kempell's stand or on the club's guest-admission policy. Father Kempell said the youth, whose identity was not made public, was converted to the Protestant Episcopal faith two years ago.

## What's The Weather?

This is a New Year and only God knows how much of good or bad will blow our way. The weather vane knows no difference between the points of the compass. Her job is to look straight ahead into whatever winds that blow... and the more severe the wind pressure the greater her accuracy. That's our lesson. God also tries us by pushing strong winds into our face, by laying blocks in our path and by shoving temptations before us. Then let us face up to His test. This way He finds out those who love Him; those who seek Heaven; and those who support His Church. Like the weather bird... resign your will to God.

You In The Church  
The Church In You  
— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.
